Chillicothe, Circleville, Lancaster, New Lexington and Washington C. H. highschools competed. The judges were in favor of Evan Reichelderfer of Circleville, and he was presented with a handsome dictionary, and the Circleville school with the beautiful, silver loving cup pendant as it were, of this district. The cup now becomes the permanent property of the Circleville High School, they having been twice

In the evening at 8 o'clock took place the real contest at the Opera House, and a spirited strife it was. The hall was divided into schools like a convention hall, each sitting under their respective color and name paddle. Every few minutes the storm of yells would break out and echo from pillar to post. successful. More than five-hundred students from the district were here, and engaged in athletic sports all day. The Boy's Industrial School band escorted the visiting schools.

Friday was a gala day for Logan, and our business houses and public buildings were most beautifully decorated, with purple and white streamers, the Logan High School colors. At 9:30 the students marched to the H. V. depot and a great crowd came from Lancaster, Circleville, Washington C. H., Chillicothe and New Lexington, and also on the 1:30 train south in the afternoon. A parade was formed led by the Boy's Industrial School Band, and marched to the I. O. O. F. Building, general headquarters. Colors of each school flying and each class peeling forth their well timed yells, made things merry during the parade.

At 10 o'clock a ball game was called at the ball park, between

the Circleville High School and the Logan Athletic Club, at the new ball park south of town. Seven innings were played, but the home team was too much for the visitors, pulling out a score of 8 to 0 in favor of the Logan boys. In the afternoon a field day turna-

The judges were J. D. Simpkins, of Newark schools, Prof. Coultrap, of Athens and Supt. Wm. Mc K. Vance, of Delaware. The merits to be graded were Oratory, Unity, Thought and Originality.

After the contest all repaired to the Red Men's hall and enjoyed a reception, and the serving of ice cream and cake.

STREET CARNIVAL.

Bunch of Good Shows Now On---Benefit of Rail Road Shops.

The much advertised Wm. Welder street carnival is now on in Logan, under auspices and for benefit of the Rail Road shops Finance committee, about 20 per cent of all receipts go to the fund for the purchase of land for the Rail Road shops, as agreed by the Board of Trade.

So far, though bad weather, the committee has realized about \$50 out of the proposition.

Among the best attractions are the free show, "Leap the Gap." A man rides a bicycle down a steep incline, flies through the air about 20 feet and descends on an other incline to the street. He gives two exhibitions per day and it is a wonderful feat of daring.

The "Mystery Tent" contains a mysterious, eye-deceiving flying lady, and slight hand performance. "Unwritten Law" is a picture show, giving moving pictures of all the principals in the Thaw Trial.

"Rushia, the Abyssinian," is located at the Court House, and contains a pit of snakes, with which a woman nady contests.

"Vino's Old Plantation" is a good negro minstrel, and is drawing big crowds.

"Col. W. J. Uden's Wild West Exhibition," is located on Market street near court house, and gives entertainments of cow boy rough riding.

The famous trained horse "Colonel Fred" is also on exhibition again, near the Post Office building, and is patronized by a great crowd.

The "Trained Animal Show," contains six lions, seven bears and other wild animals, well trained.

The ever attractive "Ferris Wheel" fifty feet high is running all the time, and is one of the fine attractions on the "Midway."

The "Opium Den" is an exhibition with a lecturer, show how the Chinese patronize such places and how they become intoxicated.

"Japalac," is a wonderful curiosity or monstrosity in human form. Has a human face, but a

most astonishing, part reptile and part animal body. The "Electric Dome" is a tent of beautiful electrical displays and is receiving strong patronage. Last but not least, on North Spring street near the Opera House is located the ever child-joy-giver, the Merry-go-round, and it is a good one. Children load it down about every trip. In all the fair is a good one and the town will be crowded with people tomorrow and Saturday.

On Wednesday morning, before the break of day, Charles Kleinschmidt, brick and stone mason, died at his home on East Main street, of acute pneumonia and heart failure. He was a man, not tall in stature, but weighed 260 pounds. The shock of his death came startling to his many friends, and his family of brothers with whom he worked. The Price Raised.

In the Mayors court Saturday came up the case of the State of Ohio vs Red Warner for keeping saloon open on Sunday April 28. The defendant withdrew the plea of "not guilty" and entered a plea of "guilty." The Mayor assessed a fine of \$50.00 and costs, and warned the defendant that there are yet two guilt edged, bonified, all wool and a yard wide, charges against him in that court, that shall be withheld during good behavior, but if there is any more Sunday business at this place, not only would the future cases be charged against him but the cases now filed will be prosecuted.

Mayor Dollison also took occasion to send word to the saloon men in Logan that prices have raised in his court, and after this there will be no fine for Sunday violations less than \$100.00.
